

### ■ Features

- High current (max. 600 mA)
- Low voltage (max. 40 V).

### ■ Absolute Maximum Ratings Ta = 25°C

| Parameter   | Symbol               | Rating      | Unit |
|---|----------------------|-------------|------|
| Collector-base voltage                              | V <sub>CBO</sub>     | 60          | V    |
| Collector-emitter voltage                           | V <sub>CEO</sub>     | 40          | V    |
| Emitter-base voltage                                | V <sub>EBO</sub>     | 5           | V    |
| Collector current                                   | I <sub>C</sub>       | 600         | mA   |
| Peak collector current                              | I <sub>CM</sub>      | 800         | mA   |
| Peak base current                                   | I <sub>BM</sub>      | 200         | mA   |
| Total power dissipation                             | P <sub>tot</sub>     |             |      |
| * 1   |                      | 0.5         | W    |
| * 2   |                      | 0.8         |      |
| * 3   |                      | 1.1         |      |
| Storage temperature                                 | T <sub>stg</sub>     | -65 to +150 | °C   |
| Junction temperature                                | T <sub>j</sub>       | 150         | °C   |
| Operating ambient temperature                       | R <sub>amb</sub>     | -65 to +150 | °C   |
| Thermal resistance from junction to ambient         | R <sub>th(j-a)</sub> |             | K/W  |
| * 1   |                      | 250         |      |
| * 2   |                      | 156         |      |
| * 3   |                      | 113         |      |
| Thermal resistance from junction to soldering point | R <sub>th(j-s)</sub> | 30          | K/W  |

\*1 Device mounted on a printed-circuit board, single-sided copper, tin-plated and standard - footprint.

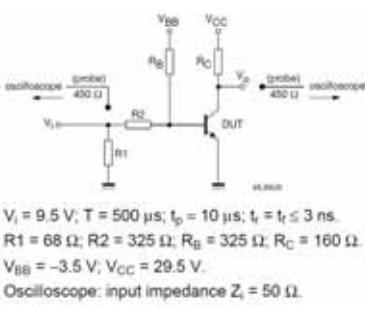

\*2 Device mounted on a printed-circuit board, single-sided copper, tin-plated and mounting pad for collector 1 cm<sup>2</sup>.

\*3 Device mounted on a printed-circuit board, single-sided copper, tin-plated and mounting - pad for collector 6 cm<sup>2</sup>.

■ Electrical Characteristics  $T_a = 25^\circ\text{C}$

| Parameter                              | Symbol      | Testconditons  | Min | Typ | Max | Unit |
