

ISOLATION TRANSFORMER FOR ETHERNET

P/N:TS350-06 DATA SHEET

Feature

- Low leakage inductance and coupling capacitance for faster rise times.
- Small form factor, 50 mil lead spacing
- Rise time is measured in 75 Ω systems
- Operating temperature: 0°C to +70°C.
- Storage temperature range: -25°C to +125°C.

Electrical Specifications @ 25°C					
Part Number	Turns Ratio(±5%)	OCL (uH ±20%) @100KHz/20mVrms	L.L(uH Max)	PRI ET-Constant (V-uS Min)	DCR (Ω Max)
	TX/ RX
